

## ENGLAND CAN NOT OUT VOTE AMERICA WILSON ASSERTS

Says Questions Affecting  
U. S. Will Require  
Unanimous Vote.

## LEAGUE CAN'T ORDER U. S. TROOPS ABROAD HE SAYS

Return of Shantung to  
China Will Be Speeded  
Up By League.

San Francisco, Calif., Sept. 18.—Replying in a statement today to a list of questions put to him by a San Francisco League of Nations Organization, President Wilson declared that Great Britain could not outvote the United States in the league; that foreign governments could not under the covenant order American troops abroad; that the league would have a powerful influence toward restoration of Shantung to China; that the United States would not be obligated by Article 10 to aid Great Britain in suppressing a revolt in Ireland; and that under Article 11, there would be no new ground for questions of self determination.

The question and answers follow:  
1. Will you take the underlying condition which dictated an awarding of six votes to the British empire at the assembly, and the fact that Great Britain will outvote us in the League of Nations and thereby control the league's action?

Answer—"The consideration which led to assigning six votes to selfgovernment portions of the British empire was that they have an effect in all but foreign policies, become autonomous self-governing states, their policy in all but foreign affairs, being independent of the control of the British government and many respects dissimilar from it. But it is true that the British empire can outvote us in the League of Nations and therefore control the action of the league, because in every matter except the admission of new members in the league, no action can be taken without the concurrence of a unanimous vote of the representatives of the states which are members of the council, so that in all matters of action the affirmative vote of the United States is necessary and equivalent to the united vote of the representatives of the several parts of the British empire. The United votes of the several parts of the British empire cannot offset or overcome the vote of the United States.

Is it true that under the League of Nations foreign countries can order the sending of American troops to their own countries?

Answer—"It is not. The right of congress to determine such matters is in no wise impaired by the league.

What effect will the League of Nations have in either forwarding or hindering the final restoration of Shantung to China? What effect will the League of Nations have in preventing further spoliation of China, and the abrogation of special privileges now enjoyed in China by foreign countries?

Answer—"The League of Nations will (Continued on Page 2, Col. 1)

## NO. 13 LODGE IS 50 YEARS OLD

Pythians Observe 50th Anniversary of Institution of Lodge—State Officers Are Guests.

Wednesday evening Newark lodge No. 13 of the Pythian Society celebrated its 50th anniversary at Castle Hall in East Main street. The rooms were beautifully decorated in flags and palms. The principal speakers of the evening were Charles J. Duckman, supreme representative of the grand lodge and George B. Donovan of Columbus, grand master of exchequer. Mr. Duckman has made a specialty of giving silk flags to lodges for an increase in membership and in five years he has granted 2500 flags to different lodges in the state. Frank Stearns sang several numbers. M. B. Davis gave some recitations and J. A. Grove gave a history of the lodge and read the minutes of the first meeting fifty years ago. The evening closed with a buffet luncheon.

Tonight the Blue team will put on the Pagan rank in dramatic form and a large attendance is expected. Friday evening the grand ball will be given.

## PEACE CONFERENCE MAY GO TO LONDON

Paris, Sept. 18.—This morning's newspapers speculate on the possibility of the peace conference being transferred to London. Premier Lloyd George of Great Britain is said to have urged the change on the ground that his country is the one most interested in the future status of the Turkish empire, the consideration of which is the principal work remaining before the conference. Some journals anticipate a virtual dissolution of the conference, the result of which may be succeeded by negotiations between the different foreign offices.

## VOTE ON SCHOOL BONDS.

Middletown, Sept. 18.—Basis city will vote for \$200,000 school improvement bonds in November, following a decision by the board of education; \$200,000 has already been favorably voted. Schools are so crowded that portable school houses have had to be erected.

## ELKS AID TEXANS.

Columbus, Sept. 18.—Ohio Elks, in convention here, today telegraphed \$1,000 to Corpus Christi to be used in relief work there among the victims of this week's storm.

## SAYS BULLITT TRIP WAS KEPT SECRET

London, Sept. 18.—Some of the statements made by William C. Bullitt before the foreign relations committee of the United States senate are challenged by a writer of the Daily Sketch, who signs his articles with the initials "R. K." He says he was the first and he believes the only English newspaper man who interviewed Mr. Bullitt in Paris. The writer quotes Mr. Bullitt as saying in his interview that his mission to Russia was suggested by Colonel E. M. House and approved by President Wilson. The arrangement, he says, was undertaken without the knowledge of the members of the Big Four of the peace conference, as Mr. Wilson and Colonel House desired the mission to be as secret as possible. When Mr. Bullitt returned Mr. Wilson sent his report to Premier Lloyd George but did not include the secret communication from Nikolai Lenine. The premier was greatly impressed by Mr. Bullitt's report and wished to have it published, according to the article, but President Wilson refused and suppressed it.

## PARIS AGAIN HEARS WILLIE IS IN GERMANY

Paris, Sept. 18.—A rumor has again reached Paris by way of Zurich that former Crown Prince Frederick William of Germany has returned to his native country.

Reports that the former Crown Prince of Germany had escaped from Holland became current late in June. It was rumored he had managed to reach German soil, but it was announced officially in a few days that he was still in Holland. The prince had been in the city since he did spend at least some time in Germany at that period, visiting Potsdam, among other places. On July 9, another report became general to the effect that he had returned to Germany and was preparing a monarchist coup d'etat. At that time it was said that he visited his wife but hastened back to Holland. This report, however, was never confirmed.

## CUT OFF FOOD SUPPLY IN FIUME

Italy Throws Naval and Military Ring About Disputed City to Bring D'Annunzio to Terms.

Paris, Sept. 18.—Italy is throwing a naval and military cordon about the city of Fiume, which is still held by Captain Gabriele D'Annunzio's forces. Food supplies of Fiume are reported to be low, and an effort is being made to close all avenues by which stores can be rushed into the city and thus to force the surrender of the troops holding the place. D'Annunzio's men have entrenched themselves about the city and intend to defend it against any attack which may be made. In the event it is found impossible to hold Fiume, it is said, plans have been laid to destroy the city.

General Bodoglio, deputy chief of staff of the Italian army is in Fiume and is issuing orders to the troops upon the D'Annunzio troops to return to their units. Some are said to have left the city. General Diaz, commander in chief of the Italian army has been recalled from his vacation and had a conference at Rome with King Emmanuel and Premier Nitti. All dispatches relating to the situation at Fiume are being subjected to rigorous censorship by the Italians, but it is reported that Rear Admiral Casanovo who landed at Fiume on Monday to restore order is under arrest.

## MEAT AND VEGETABLES LACKING IN FIUME

Rome, Sunday, Sept. 14.—"I, a war volunteer and a mutilated fighter appeal to Victor Hugo's France to Milton's 'Brunch' and Lincoln's 'Emancipation' speaking as an interpreter of the valiant sentiments of the whole Italian people, proclaim the annexation of Fiume to Italy," said Captain Gabriele D'Annunzio, speaking to an immense throng the day his "irregular" forces marched into Fiume according to reports reaching this city.

Captain D'Annunzio, who represented to have been quite ill and suffering a high fever when he reached Fiume, went to the commander's palace, being accompanied by a crowd that was crazed with patriotic fervor. After entering the palace he was asked to speak, and at once went to the balcony overlooking the crowd. "I am so ill that I will say but a few words," he began, with a simple gesture. "In the present mad, cowardly world there is one pure thing—our love for Fiume. Fiume stands like a lighthouse over the sea of degradation. People of Fiume, do you confirm your vote of October 30, last, when you decided for annexation to Italy?" Up from the crowd came a tremendous shout of "Yes."

## WILL STRIKE TO FORCE MEETING WITH STEEL MEN

No Hope For Conference  
With Officials of Steel  
Corporation.

## SENTIMENT IS STRONG AGAINST POSTPONEMENT

Sessions Held Behind  
Closed Doors In Pittsburgh.

Pittsburgh, Sept. 18.—Before resuming their discussion today on matters in connection with the steel workers strike, called for next Monday, the national committee for organizing iron and steel workers issued a statement that having failed to obtain a conference with the United States Steel Corporation the last and only hope is to strike until such time as the corporation will meet the representatives of the men.

With certain forces advocating a postponement of the proposed nation wide strike of steel workers, scheduled to begin next Monday, until after the industrial conference in Washington, October 6 at the call of President Wilson, the American Federation of Labor and steel workers went into session here again today.

Sentiment against a postponement is strong on the committee and leaders of the body, including John Fitzpatrick, the chairman, emphatically declare that the walkout will occur Monday. The committee sessions are being held behind closed doors, with the result that little official information has been secured by newspaper men. But according to Fitzpatrick, the silence will be broken today, when following the meeting, he will issue an official statement on behalf of the committee.

Youngstown, Sept. 18.—Strike plans laid at a meeting of organizers here yesterday included arrangements for picketing steel plants when the walkout called for Monday, takes effect, according to a statement today by S. T. Hammersmark, in charge of union headquarters.

Announcement was also made by the newly organized cooks and waiters' union here that it had enrolled the cooks and waiters in mill restaurants, and that these would join the steel strike.

Mr. Hammersmark's statement says that he understands steel workers are being asked to sign an agreement not to strike, and are being discharged on refusal to sign. According to his claims, the strike will affect the Carnegie Steel company's Ohio works and Union works and Niles furnace; Youngstown Sheet and Tube company's East Youngstown and Struthers plants and Hubbard Furnaces; Republic Iron and Steel company's Youngstown and Niles plants and New Castle and Youngstown furnaces; Briarhill Steel company's Youngstown, Niles and Girard plants and furnaces; Trumbull Steel company's Warren plant; Sharon Steel Hoop company's Sharon, Lowellville and Sharon plants. In addition, he declared the United States Steel Corporation's plants at Shiohn and Farrell will be affected.

## RAIL CLERKS ORDERED TO VOTE ON STRIKE

Louisville, Ky., Sept. 18.—300,000 railway and steamship men, members of the Brotherhood of Railway and Steamship Clerks, freight hands, express and station employees have been ordered to take a strike vote, it was announced here today by J. J. Forrester, of Cincinnati, secretary of the brotherhood.

Orders have gone forward to every lodge in the country. It was said, to take the strike vote. Three of the five lodges in Louisville, with a membership of approximately 3500 already have voted but the result has been withheld. Members of the organization on the Pennsylvania Railroad system, it was declared will act within the next few days.

## PUBLIC IN DOUBT ABOUT A. F. L. POLICY

Boston, Sept. 18.—A statement by Guy Oyster, secretary to President Samuel Gompers of the American Federation of Labor that the federation stood solidly behind the striking policemen coupled with his earlier intimation that he did not favor a general strike at this time, left the public in the dark as to the next move of organized labor to aid the policemen in their fight for union recognition. Secretary Oyster made his declaration as he was boarding a train for Washington to report to his chief on conditions as he had found them here.

## CLEVELAND STEEL MEN GET STRIKE ORDER

Cleveland, Sept. 18.—Henry W. Raisse, editor of the Cleveland Federationist, and chairman of local steel organizers' committee, said today that strike orders have been sent to all union men in the steel industry in Cleveland instructing them to fail to report for work Monday morning and instead to mobilize a mass meeting at Brookside Park.

## DIDN'T LIKE TASTE OF POISON; SHE WILL LIVE

"I did not like the taste of it," was the remark, made by Mrs. Mazie Wickliffe, 26, this morning to Officer Gorman in the court house park, after she had attempted suicide by taking part of a small vial of cyanide medicine. She did not swallow the drug.

Bradley's ambulance rushed the woman to the City Hospital but she had not swallowed enough of the stuff to do any harm. Mrs. Wickliffe lives at 275 1-2 East Main street.

This morning at 9 o'clock she met her husband, from whom she had been separated, in the east side of the park. Wickliffe informed him that he was leaving the city Saturday and did not intend to return, and as he walked away the woman screamed and drank from the vial which contained cyanide. She was taken to the hospital and after 35 per cent ether and 45 per cent alcohol were given her, she was taken on duty on the square, ran to her and the ambulance was called.

## OPEN LARGEST LOCK AT "SOO" CANAL

Sault Ste. Marie, Mich., Sept. 18.—The fourth lock in St. Mary's Falls canal connecting Lake Superior with the lower lakes was to be formally thrown open to lake steamers today. The new lock, the longest in the world, has been four years in construction. It is a quarter of a mile in length, 80 feet wide and has a least depth of 24 1-2 feet. The "fall" from Superior to the lower St. Mary's river ranges from 17 to 21 feet.

## FORFEITS LIFE AND RIGHT TO INSURANCE

Columbus, Sept. 18.—When George H. Raush left his job as bridge carpenter in an effort to save a boy from drowning in the Scioto river, he not only lost his own life but his widow was deprived of a death benefit from the state's compensation fund. In rejecting the widow's claim for an award, the state industrial commission held Raush was not in the course of his employment when he met his death.

## SOLONS THANK GEN. PERSHING

Senate and House Assemblies For Formal Ceremony to Express Nation's Gratitude to Leader.

Washington, Sept. 18.—Standing in the chamber of the house of representatives, with the full membership of the senate and house about him and with galleries crowded with admirers, General John J. Pershing, received today the formal thanks of the nation for his service he said to the officers and men he commanded in France rendered during the great war.

To few Americans has it fallen to be thus honored; to few soldiers of any nation has been given to hear leaders of the world praise such high praises of their services for that people as General Pershing heard today. There was an air of solemnity about the scene more eloquent than words to tell its full meaning.

Senate and house assembled in their respective chambers, then the senators marched in pairs through the old corridors of the Capitol to seats on the front benches of the house. Senator Cummins as president protomptor of the senate, called the roll and when General Pershing had been escorted to the floor before the speaker's desk, facing a great American flag draped on the wall, it was Senator Cummins who extended the first greeting.

## MINERS REFUSE O. K. ON LEAGUE

All Resolutions Dealing With Treaty Tabled Because Question Has Become Political Issue.

Cleveland, Sept. 18.—The convention of the United Mine Workers of America today voted down a resolution endorsing the League of Nations and calling upon the senate to ratify it without amendment and without further delay. The convention by a large majority then voted to table the entire subject including motions against the adoption of the League of Nations as now constituted. The debate showed a wide range of opinion for anti against, indicating that the miners were sharply divided on this question. The motion to table the subject was carried largely on argument that the peace treaty had now become political issue on which a labor convention should not be called upon to take action.

## AUTO BANDITS ROB BANK OF \$10,000

Cleveland, Sept. 18.—Six auto bandits secured about \$10,000 in a hold up of the Nottingham Savings and Trust company early this afternoon and escaped. Nottingham is a suburb about 10 miles from here.

## WILL WELCOME SOLDIERS.

St. Louis, Sept. 18.—October 17 and 18 are the dates set for Jefferson county's big welcome home to soldiers of the world war. The war board is behind the movement. All industries and business houses will close for these two days.

## BELIEVE DEATH LIST IN TEXAS WILL REACH 500

Known Dead Now Number  
256 as Reported by  
Burial Squads.

## AVIATORS BRING REPORTS FROM ISOLATED TOWNS

Officials Turn Back Many  
Volunteers Because of  
Food Shortage.

Corpus Christi, Sept. 18.—The death toll in Corpus Christi and vicinity as a result of Sunday's hurricane and tidal wave stood at 256 today, according to reports from burial squads. The generally accepted estimate was that the final figures would reach 500.

Five persons lost their lives at Port Aransas in Sunday's hurricane and only one building was left standing in the little town of 600 inhabitants. Eight lives were lost at Rockport and two at Aransas Pass. This report was made officially to Colonel John A. Forney, relief commander, late last night by army aviators sent to investigate the fate of these towns.

A total death list for the district in excess of 300 would not be a surprise to many officials, it was said. Searchers continued today to explore the masses of wreckage in the city while army aviators sent here from Kelly Field, San Antonio, flew over the outlying districts locating refugees and obtaining reports as to damage.

A party was prepared today to visit the back waters of Nueces Bay, where according to a report brought in last night by an aviator, there are several acres of wreckage, which it is believed may contain many bodies. The authorities today reiterated assertions that no more outsiders would be admitted to the city on account of the food problem, which has become acute, with the arrival of additional refugees. Although many relief trains have arrived and are on their way here, it was pointed out that it was necessary to keep the population as nearly normal as possible. Hundreds of volunteers have poured into the city to assist in the rescue work and many others are reported on the way here.

## FORESTERS EDECT OFFICERS.

Cincinnati, Sept. 18.—W. H. Kerr of Cleveland was elected high chief ranger of the high court of Ohio, Independent Order of Foresters at the closing session of the triennial meeting of the order here last night. Columbus was awarded the next triennial meeting.

## MEDALS GIVEN TO NEWARK SCOUTS

First Session of Scout Court of Honor is Held Wednesday—Eight Troopers Present.

The first regular meeting of the court of honor, Newark council Boy Scouts of America, was held in the main room of the court house, last night. There were present about 80 scouts, and about 20 parents, and friends. The court of honor was presided over by Superintendent O. E. Barnes, who is chairman of this body. With him on the bench were R. C. Van Voorhis, A. H. Heisey, L. F. Carl and J. J. Carroll.

The scout executive, gave a brief outline of the duties of the court. Scout Harold Hughes of troop 6 and William Baden of troop 3 were presented with their first class badges, having been duly qualified. Senior Patrol Leader, Harry Bowers of troop 6, made application for the merit badge in swimming this being the first merit badge awarded in Newark. The court presented Ace medals which were awarded by the United States treasury department for work in the sale of war savings and thrift stamps, to scout John Franklin of troop 6 and Robert Edmunds of troop 4.

Dr. J. H. E. Stegem gave an interesting talk to the boys followed by a talk from Mr. Mazey.

## ARREST CONTRACTOR FOR HAVING TWO WIVES

Columbus, Sept. 18.—Acting upon instructions from the prosecuting attorney of Camden county, N. J., local police last night arrested Clarence C. Bennett, a contracting builder, on charges of obtaining money under false pretenses, peeing and clerks and wife desertion. He was arrested in company with a woman whom he alleges he married August 30, in Walton, N. Y., according to New Jersey officials. Bennett has a wife and four children in that state. Bennett says he has large building operations under way in New Jersey, New York and Pennsylvania. He is 25 years old.

## FRANCE TO RATIFY TREATY ON FRIDAY

Paris, Sept. 18.—(Havas).—The chamber of deputies is expected to ratify the peace treaty with Germany tomorrow night or on Saturday at the very latest. Premier Clemenceau will speak tomorrow, considerable importance being attached to his address.

## WELTY WANTS THIRD TERM.

Lima, Sept. 18.—Congressman Ben F. Welty of this city, through the Lima Times Democrat, today announced his candidacy for a third term, endeavoring to break the two-term rule, usual in this district.

## BOLSHEVIKI TROOPS 200 MILES FROM OMSK

Omsk, Siberia, Tuesday, Sept. 9.—(By The A. P.).—The more than 30 Americans who still are in Omsk expressed surprise today when they learned that reports had been widely circulated abroad that Omsk had been evacuated. Ernest W. Harris was advised that a telegram had been received from the United States asking that the Americans be evacuated from the city, it being assumed that he had left his post of consul at Omsk.

Tokio newspapers arriving here contained a dispatch from Peking announcing that the Bolsheviki had occupied Omsk. Thus far the Bolsheviki have a string of cities of the Kachak government in Omsk, the 200 miles. While the Reds had continued to advance during the last three months, raising doubts as to whether the Siberians would be able to check the military operations of the last week greatly assured all elements of the Omsk population.

## URGES LEAGUE TO GIVE RELIEF TO SUFFERERS

Paris, Sept. 18.—(Havas).—Henry Morgenthau, who headed the United States investigation commission which has been at work in Poland since late in July, has returned to Paris and gives a stirring description of the distress which is reigning in Poland and the small nations of central Europe. He says hundreds of thousands of persons are suffering from hunger and are half dead and expressed the fear they will die by thousands during the coming winter if not given immediate assistance. "The only remedy I can see is the League of Nations," he says. "The league must operate immediately to decide disputes, determine frontiers and restore order in central Europe, which is threatened with anarchy. Only yes-League of Nations can restore the confidence of new nations and inspire respect from Germany."

## MASKED BANDITS GET \$75,000 FROM TRAIN

Quebec, Sept. 18.—Five masked men bound and gagged the mail clerks on the Canadian National Railway near Iles de la Madeleine and robbed the mail car of \$75,000 in paper and silver. The money was being shipped from Montreal to Halifax.

## 6 EX-SOLDIERS BECOME CITIZENS

Service in Army Wins Naturalization Papers For Ex-Service Men—Eight Are Admitted.

Six foreign-born citizens, two natives of Italy, two of Macedonia, one of Austria-Hungary, and one of England, won citizenship papers here this morning by reason of their service in the United States army.

They were Vito M. Iacabelli and Carl Centi, Italians; Stavru Naki Vaiea and George Vaki Vaiea, Macedonians; Amos Tesca, Austrian and Reginald Montague, Englishman. Montague has been a pharmacist for Thomas Evans. Others admitted to citizenship were Louis Ostrov, manager of the Newark Newark shoe store, a native of Russia, and Nicola Spira Tapo, a native of Russia.

## SOLDIERS CALLED TO GUARD STREET CARS

Camden, N. J., Sept. 18.—With 300 state militia men mobilized for emergency in connection with the disorders resulting from the establishment of a zone system of fares and with the entire force of policemen and firemen, in addition to a number of special sheriff's deputies doing guard duty, the New Jersey police service company today promised at least a partial resumption of trolley service in this city and points throughout the county.

Owing to mob violence, the motormen and conductors yesterday refused to take their cars from the barns and the service on all except one line was suspended. While there was less disorder yesterday than on previous days since the zone system was put into effect, reports reached the city authorities that shots had been fired at trolley cars and that threats had been made to burn bridges in various parts of the county.

## EMMA GOLDMAN TO BE DEPORTED SOON

St. Louis, Sept. 18.—It became known today that a warrant for the deportation of Emma Goldman was served on her last Friday in the Jefferson City penitentiary where she has finished serving a two year sentence for attempting to collect the money from the purchaser. A local \$80,000 removal job therefore must wait.

## FEARS TO REMOVE TRACKS.

Hamilton, Sept. 18.—City Solicitor Kitchner has found it is dangerous to utilize the O'Brien law, permitting removal of street car tracks by the city, the cost to be charged against the car company. He says the local car company is in receivers hands, may be sold, and that it might be legally impossible to collect the money from the purchaser. A local \$80,000 removal job therefore must wait.

## BREEN IS ELECTED.

Columbus, Sept. 18.—James E. Breen of Columbus was today elected president of the Ohio State Elks association without opposition.

## WILSON'S LABOR BOARD IS NAMED TO MEET OCT. 6

Will Formulate Plans For  
New Relation Between  
Factories.

## TWO OHIO MEN ARE MADE MEMBERS OF COMMITTEE

Labor and Capital to Name  
Like Number to Attend  
Conference.

San Francisco, Sept. 18.—Notification that President Wilson had selected them to act as representatives of the public in the labor conference he has called to meet in Washington, October 6, today were in the hands of 22 men residing in all parts of the country. The notification was sent out last night, each embodying an expression of the President's "sincere hope" that the recipient might find it possible to "undertake this very important service."

Formulating plans for development of a new relation between capital and labor" was the phrase in which the President described the object of the conference. Besides the representatives of the public, 22 representatives of organized labor and organized employers are to participate in the conference. These are to be selected later by organized labor, leading agricultural association, investment bankers and manufacturers.

The men selected by the President are from varied walks of life and of several political faiths. On the President's list of those who will represent the public are Bernard M. Baruch of New York, former chairman of the Federal Reserve Board; E. D. Russell of New York and John Spargo of Vermont. The last two named are Socialist leaders.

The others on the list are: O. E. Bradtute, Xenia, president Ohio Farm Bureau; Cleveland, Ohio, Edgar S. Nichols, Newark, N. J., Callaway, La Grange, Ga., extensive cotton manufacturer; Thomas L. Chabroux, New York; Charles G. Davies, Chicago; H. B. Endicott, Milton, Mass.; Paul L. Feiss, Cleveland; Edwin P. Gray, dean graduate school of business administration, Harvard university; George R. James, Memphis, Tenn.; Thomas D. Jones, Chicago; A. A. Landon, Buffalo; E. T. Meredith, Des Moines, Ia., editor Successful Farming; Gustav McNish, San Francisco; L. D. Sweet, Carbondale, Colo., and Louis Titus, San Francisco.

## ARREST TWO FOR SELLING LIQUOR

Federal Officials in City Wednesday Arrest Geo. Fromholtz and J. W. Brown For Law Violation.

Three representatives of the federal department at Columbus visited Newark yesterday afternoon, and served affidavits on two proprietors of soft drink saloons, George Fromholtz and J. W. Brown, both having places of business in Newark.

The affidavits charged a violation of the war-time prohibition law, which forbids the sale of intoxicating drinks. The affidavits were served on Fromholtz, Brown, and Swartz, who works for Fromholtz.

The three federal men and the saloon men left for Columbus this morning where they will appear before Judge Sater.

## MINERS MAY ASK 60 PCT WAGE BOOST

Cleveland, Sept. 18.—Extent of the wage increase to be demanded by the United Mine Workers of America at the conference with the operators of the central competitive district at Buffalo September 25 has not yet been formulated by the scale committee of the association, but it will probably amount to a 60 per cent raise.

This demand applying to miners of bituminous coal, corresponds to the demands formulated at the recent tri-district convention of the anthracite miners which have been endorsed by the convention for submission to the anthracite operators.

The six-hour day, five days a week, which has already been endorsed by the convention, and a weekly pay day will also be included in the scale demands.

## WILSON CONDEMNS POLICEMEN'S UNIONS

Washington, Sept. 18.—President Wilson, in a telegram sent from Dunsmuir, California, and received today, condemned the police forces of the country for the purpose of bringing pressure against the public should not be "countenanced or permitted."

"WOMAN MYSTERIOUSLY ILL."  
Lima, Sept. 18.—Mystery surrounds the serious illness of Mrs. Ida Brecount, yesterday, 48, widow, found unconscious in her home here. Worried and sorrow over the death of her eldest son, just back from the navy, is believed to be the cause, since no narcotic could be found. Mrs. Brecount was rushed to a hospital.

## NEW FOOTBALL TEAM FORMED

**Murray's Smokers Has Assurance From Former Semi-Pro Stars That They Will Enter Game.**

Announcement of the personnel of the new Murray's Smokers football team indicates that the organization is going to make a strong bid for foot honors in semi-professional circles in Newark this season.

On the list of players who have pledged allegiance to the new organization are some well-known stars who have participated in semi-professional football games in the past.

The organization was effected on a cooperative basis. All proceeds are to be divided equally among the players, it was announced. The men asked Sandy Murray, former well-known ball player, to take the business management of the team.

Thursday morning Murray announced that these players had appeared in person at a meeting held Sunday and pledged their allegiance to the new team.

Williams, E. Sullivan, Smith, Ashley, H. Kieley, M. Kieley, Jenkins, Hinger, A. Dennison, J. McCarthy, John McCarthy, Carson, Nelson and Sullivan. Other players who have signified their intention to join the new team are Wallace, Jackson, Goodwin and Dunn, J. Orr and M. Orr and George Smeltz. Murray said, will play with the team if they enter semi-professional ranks at all.

The team will open the season Sept. 28, one week from Sunday, and dates for the remaining Sunday's of the season are being arranged.

The team has been directed to report Sunday morning at 9:30 o'clock at Wehrle park for field practice. Players are assembling each night at Sixth street for signal work and formations.

## ENGLAND CAN NOT

(Continued From Page 1)

have a very powerful effect in forwarding the final restoration of Shantung to China, and no other instrumentalities can be substituted which could bring that result about. The authority of the league will, under Article X be constantly directed toward safeguarding the territorial integrity and political independence of China. It will, therefore, absolutely prevent the further spoliation of China, promote the restoration to China of the several privileges now long enjoyed by foreign countries, and assure China of the completion of the process by which Shantung will eventually be returned to her in full sovereignty.

4. Is there anything in the League of Nations covenant or the peace treaty which directly or indirectly in any manner imposes on the United States any obligations, moral or otherwise, of the slightest character to support England in any way in case of revolt in Ireland?

Answer—There is not. The only guarantee contained in the covenant is against external aggression, and those who framed the covenant were scrupulously careful in no way to interfere with what they regarded as the sacred rights of self-determination.

5. What effect, if any, will the League of Nations covenant have in either hindering or furthering the cause of Irish freedom?

Answer—It was not possible for the peace conference to act with regard to the self-determination of any territory except those which had belonged to the defeated empires, but in the covenant of the League of Nations it has set up for the first time in Article XI a forum which all claims of self-determination which are likely to disturb the peace of the world or the good understanding between nations upon which the peace of the world depends, can be brought.

## WILL MAKE WATT GARRET PERMANENT MEMORIAL

London, Aug. 20.—(By Mail).—The garret in which the engineering genius James Watt pursued his mechanical studies is to be removed intact if possible from its position on the top of Heathfield hall at Handsworth, where Watt spent his last years, and re-erected in the central memorial buildings to be opened in Birmingham where the Watt centenary celebration is to be held September 16-18.

When Watt died the garret was locked up and remained unopened for about 50 years and even now it is still in exactly the same condition as when Watt worked in it.

The piece of iron Watt was last engaged in turning lies on the lathe. The ashes of his last fire where Watt used to do his own cooking because of his wife's objection to seeing her husband "looking like a blacksmith" are still in the grate; the last lump of coal is in the scuttle. The Dutch oven is in its place over the stove and the frying pan in which he cooked his meal is hanging on its accustomed nail.

## WOMEN DURING WAR WORK.

During the war women were called into almost every vocation in life, and right well did they assume the responsibilities and fill such positions. In many instances, however, their strength has been overtaxed and such ailments as are peculiar to their sex have fastened themselves upon them. Such women should remember there is a tried and true remedy for their troubles in Lydia E. Pinkham's Vegetable Compound, which for more than three generations has been relieving the women of America from some of the worst forms of female ills.

## 300 MILLION BBLs. OIL IN 17 YEARS

**Mexican Oil Fields In 1918 Turned Out Nearly 64 Million Barrels Statistics Show.**

Mexico City, Aug. 30.—(By Mail).—A stupendous array of figures greets the visitor who attempts to ascertain how much oil has been produced in Mexico during the past few years and what the profits are to those who have ventured to sink fortunes in an effort to tap the petroleum deposits that are known to underlie certain portions of the republic.

A statement recently furnished to The Associated Press by the Department of Commerce and Industry graphically portrays the growth of this industry which now, as during the war when its wells furnished much of the motive power that took troops and supplies to victory, occupies such a prominent place in the relations between Mexico and the United States.

From 1901 to 1918, inclusive, the production of crude petroleum in the republic amounted to 285,910,795 barrels, every year showing a consistent gain over that produced. In 1914 production reached 26,235,400 barrels, and in 1918, 63,528,326 barrels.

During the year 1918 out of 63,528,326 barrels of petroleum produced two companies (El Aguila and Huasteca) produced 37,107,104, according to the statement's figures.

Export data indicates that Tampico leads all ports. In 1918 more than 5,271,012 tons of petroleum having left that harbor. Approximately half that amount left via Tuxpan.

According to the statement there are 299 producing wells in Mexico.

## PROBES DOCTOR'S FEES.

Portsmouth, Sept. 18.—Probe of the recent increase of doctors fees in this city is under way by a grand jury here. Officers of the Hempstead Academy, an organization which comprises virtually every physician in the city have been subpoenaed along with their books. Price increases in food are also under investigation.

## ENGLAND FACES BIG TRADE CRISIS

**Imports From America Greatly Exceed Exports and Greater Production Is Demanded In Industries.**

London, Aug. 27.—(By Mail).—Confronted by what is described as perhaps the greatest industrial and trade crisis in the history of the country, the commercial leaders of Great Britain are bending every effort to speed up production, says the American Chamber of Commerce in London. One movement undertaken to head off the difficulties foreseen is an effort to induce the workers to increase production by showing them the "dangerously critical position" in which Great Britain is now placed by the balance of trade against her. For July, the adverse balance of trade amounted to about \$30,000,000, according to figures given out by the American Chamber. Imports for that month increased about \$150,000,000 while exports increased only about \$3,500,000.

The American Chamber points out that this discloses a serious situation and says that while it may seem very well for Great Britain to buy from America much more than she sells to America, that is a "tool's paradise" for Americans.

The chamber explains that an excessive adverse balance against Great Britain would force down sterling exchange on New York and compel Great Britain to buy elsewhere, where exchange is higher.

"The only way out of this," continues the statement of the American Chamber, "is for America to invest in British securities and to buy generously of British materials and goods, that can be used to advantage. This would give Great Britain the wherewithal to pay for her imports from the United States until she builds up her exports to pay for them. If this is not done it is obvious that the United States' exports to Great Britain must drop off."

To induce increased production, employers are endeavoring to show their employees the need of an expansion in exports which are characterized as the "life blood of British trade."

At the same time, the American Chamber says, the government itself is being severely criticized because of national extravagance. The Times is running daily a column headed "The Road to Ruin" under which the huge outlay of the government funds is analyzed and given publicity.

## FRENCH COMPOSER TOOK OWN LIFE DURING WAR

Lille, Aug. 26.—(By Mail).—The tragic death of Adolphe Degeny, the composer of "Internationale," who passed away during the German occupation has just become known to the city. Degeny, a man of strong character, laborious workman, had written several songs which he and his brother-in-law used to sing. He made no pretension to being a musician but took great pleasure in playing the bugle.

It was on this instrument that he played the famous air which he wrote to the words of Eugene Pottier's hymn and the first time he sang it was to some of his comrades in a cabaret here.

Then his wife died. His brother went to Paris and passed himself off as the author of the famous air.

The two mistresses worked disastrously on Degeny's mind. He began to drink heavily and conceived for all music a dislike so strong that he would leave a cafe if any one began to sing or play some musical instrument.

Then the Germans came. Degeny suffered actually from having to work for them on the town water supply. When the typhus epidemic broke he was ordered to report in the military hospital and one day he failed to present himself. The "Kommandantur" issued a warrant for his arrest. In the evening he hanged himself.

He is buried in the cemetery near the hill here where a little wooden cross with the name "Adolphe Degeny" marks the grave of the author of the "Internationale."

## CLEMENCE CHATS WITH FISHERMEN ON COAST

La Tranche, Vendee, France, Aug. 26.

(By Mail).—Premier Clemenceau arrived here the other day in search of peace and quietness. The premier looked as if he needed rest and there was nothing suggestive of the "tiger" as he descended from the dusty automobile which had borne him from Paris to Tressay. He appeared old and wan and tired and heaved a sigh of relief as he sat on an old wooden bench in the shady garden of the villa Phillipon, wiped the perspiration from his brow and enjoyed the ocean breeze.

The premier does not like public functions and probably the only one of the past few months, excepting those of the retrieval of Alsace-Lorraine, at which he did not appear, was the Victory Day parade. He had lost none of his good humor, however, and when asked how he had enjoyed the trip from the capital, replied:

"Somewhat tiresome but the country is so beautiful. Yesterday we visited several chateaux on the Loire. I should have enjoyed greatly having a little sleep at Nantes but the crowd, after midnight, commenced to acclaim cheer me under my very windows at the Central Hotel. What a funny idea."

Accompanied by a couple of old, weather-beaten fishermen, the premier of France went for a stroll along the beach, speaking with them in the dialect of the province.

## PLAIN AIR MAIL ROUTE FROM RHINE TO BERLIN

Frankfurt-on-Main, Aug. 25.—(By Mail).—Establishment of an "Air Service Joint Stock company" which proposes to operate an airplane mail and passenger line from Cologne to Berlin, Hamburg and other cities, has been approved by the Prussian minister of commerce. The company has a capital of 15,000,000 marks. It is planned to operate 200 airplanes with Cologne as the center.

**AGRICULTURAL SCIENTISTS MAKE IMPORTANT DISCOVERY**

Find that they are able to control ripening of Grain Crops with Plantfood.

During the past few years agricultural experimenters have learned that they can materially change the time of ripening a crop by increasing the amount of fertilizer plantfood sown with the seed. This is an important item. If wheat can be ripened ahead of the drouth, which always comes in June, or corn be ripened ahead of early fall frosts, the crop is saved from serious damage. The wheat in the right-hand part of the photo was treated with a "ripening" fertilizer. It is almost ready for harvest. The unfertilized wheat is hardly ready to head out, and will probably be damaged severely by dry weather, or by "rust" attack.

## YANKEE TARS IN PERILOUS WORK

Are Sweeping Up Dangerous Mines They Planted to Trap U-Boats Near North Sea Bases.

London, Aug. 20.—(By Mail).—The American navy is having a tremendous task in sweeping the North sea of the 50,000 electrical and highly sensitive mines they planted there. Explosion by electricity is the method now employed. Some were sunk very deep—as deep as a submarine could go.

Each mine was fitted with antennae suspended by floats so that the huge field was not only charged with mines, but had also become a mass of sensitive feelers to explode them. Should a submarine come in contact with an antennae the mine at a short distance away at the end of the antennae would explode.

The problem has been to explode the mines far enough away from the sweepers to ensure safety and also to forestall the danger of the explosion of a mine at a safe distance causing another close to the ship "going off."

The vessels in sweeping use special electric cables several hundred yards long. Operation of a system of electric appliances prevents the mines from exploding if the ship strikes an antennae, but when the electric wire touches the antennae it blows the mines up at a safe distance from the boat. Hundreds are being destroyed by this method.

Aside from the danger and tediousness of the task, bad weather is added to the hardships of the American sailors.

About 75 vessels are employed, the majority of them American. Subchasers help by rounding out drifting mines that have broken from their moorings and sinking or exploding the mine by firing a shot at it.

**COWS CAUSE POLICE CONSIDERABLE TROUBLE**

Cows seemed to be getting into grief yesterday. Marion Antone didn't tie his cow up and it roamed up and down Wilson street until J. O. Wolcott filed an affidavit against Antone. He appeared in police court and was fined \$1 and costs for his negligence.

## Milady's Boudoir

Repairing Summer Ragages.

The most permanent injury to the beauty of the summer girl, if she has done much bathing, has been done to her hair. Sea water and strong sunlight do not bleach the hair evenly but streaked and give it as well, a heavy, matted appearance. It is often hard for the summer girl to care for her hair properly but it should not be neglected, and in summer should be washed oftener than in winter.

If her hair is oily and streaked she will probably find more dandruff than usual on her scalp. For this let her beat one egg thoroughly and add it to a pint of tepid water. Now strain through a fine of cheesecloth so that no particles of the egg will be left to stick to the hair. Rub this into the scalp thoroughly, so that the dandruff will be loosened.

Now shampoo the hair with warm water in which has been dissolved half a teaspoon of powdered borax and plenty of pure white soap. Rinse the hair well and dry, if possible, in the sun by shaking and patting it dry. After it has dried let the wind blow through it for a few minutes.

Do not dress the hair until it is thoroughly dry and, even when it seems free from moisture, lift it from the scalp and shake it constantly. The more air you give the hair and the more ventilation the scalp has, the less oil there will be in it. If the hair is in very bad condition, two shampoos during the first week are not too much and for a month after that a weekly allowance may be given.

On the other hand if the hair has become dry and harsh from too much exposure to strong sun and salt water, rub vaseline into the roots and brush the hair one hundred strokes before retiring. Scalp massage is an important factor in reducing the hair to its normal condition and it will really pay one to take five minutes every day to massage the scalp in the wind and sun, if possible.

## Our Boys and Girls

Sleep is a large factor in overcoming the nervous tendency in babies. A newly born baby should sleep about nine-tenths of the time. At six months the baby should sleep two thirds of the time, and at one year the child should sleep about fifteen hours out of twenty four. A nap should always be taken until the child is four years old, and longer if possible. This should come before two p. m. because if taken later the child will not be ready to go to bed by six or seven, which is the latest hour children under eight years of age should ever be allowed to sit up.

Mothers think that if a child takes a long nap in the afternoon it does no harm to allow him to sit up until ten o'clock or even later at night, but this is not true. The early evening hours are best for a child's sleep and nothing should be allowed to interfere with the early bed hour. Nervousness and dark circles under the eyes are usually found when a child is kept up too late in the evening.

## Every Day Etiquette

"Should a woman shake hands with another when they meet?" asked Mona. Women do not shake hands when they meet or when introduced, but merely bow. When, however, a young girl is presented by a friend to a married woman the latter generally shakes hands with her. The girl should not make the first advance," said her friend.

FAVORING FAIR PRICE DEALERS.

One of the propositions put forward in the cost of living campaign, is that steps be taken to unite the public in patronizing those dealers who sell at the lowest prices.

One very practical method of ascertaining dealers who sell at low prices, is to see which dealer advertises in the newspapers. Dealers who follow publicity methods are usually the men who have a great deal of enterprise in hunting up the very best values for their customers. They are not satisfied to buy just the same lines of goods over and over again, regardless whether those lines at any given time are giving the best bargain.

The advertising dealer is the kind of fellow who has his eyes open every minute to pick up good values. He knows that some lots of goods offered him have a much higher value than others. He is constantly studying all the offerings of the market to see which will give him the most for his money.

Such a man is constantly in possession of lines that possess exceptional value. Naturally he does not keep still about it. He will not wait and see if his townspeople will happen into his store. He will at once proceed to tell them about every special opportunity that he has.

If he finds himself occasionally overstocked, and all merchants do from time to time, he does not want his capital tied up uselessly in goods that must wait over to another season. He wishes to clear them out for cash so that he can buy more goods. And he will not trust to luck and chance and wait for the public to happen in and get the advantage of this sacrifice. He tells everyone about it through the columns of the Advocate.

So the first step to be taken by the public in determining what merchants are likely to sell the most reasonably, is to consult the advertising in the Advocate.

CHINA'S FUTURE TO JAPAN.

(Pittsburgh Gazette Times.)

A very picture of China's social and economic condition was painted by American Minister Paul S. Reinsch on the eve of his departure from Peking. The groundwork of the great future has been laid, according to Dr. Reinsch, in the birth of a recognizable public opinion which may be organized in support of the representative government which has for so long struggled to establish itself. Financially China is strong and economic conditions throughout the country are reported sound. Thus there is nothing wanting to assure stabilization of government and business, but satisfactory international relations. Dr. Reinsch notes that the Shantung question is the one disturbing and uncertain factor. It is not settled right China will continue to be the prey of alien governments and peoples, and will suffer the ill inseparable from domestic dissatisfaction. The retiring minister's observations should be, and no doubt will be, given careful consideration at Washington. They should command attention of the diplomats of the Entente and move those gentlemen to a course of action assuring justice for China that will bring the peace of the world nearer.

Japan alone of the more important countries has anything to fear from a stabilized China. And all it has to fear is the loss of territory and power which it has no just claims to possess or to exercise. Japan will have to give up its ambitions in Shantung before the future which is opening in China can be realized by that country. In the long run Japan would profit more from a friendly and contented neighbor than she would through the carrying out of her designs, which can produce nothing but antagonism. She would have to abandon her desire for tutelage over China and give other countries equal rights for commerce in the big empire, but none other could deprive her of the advantages of propinquity, with which she should be satisfied. Future world peace depends in large degree on the settlement of the Shantung question. Japan, she is sincere in her professions, will satisfy the world as to her intentions with regard to that territory. France and England, if they can understand what is required, will strive with all their might to prevail upon Japan to do justice to China immediately.

CHARLES H. BROWN.

(Ohio State Journal)

The death of this prominent and esteemed citizen has cast a gloom over the entire community. Everybody who knew Charley Brown loved him. He was a most lovable man. Kindness and good fellowship shone from him. He was a true man. He never did anything mean or low. He had a happy personality and wherever he went he carried a cheer, in which his heart went, too. He will be greatly missed in the business, and especially the club affairs of this city. Few if any of our citizens were better known to the country than the deceased. His affiliation with a group was like a breeze and a sunshine combined. The writer was a very near neighbor of Charley Brown, often sat on his porch and talked of things and then it was no learned to think so well of him. Really he leaves a delightful memory to comfort the dear ones who remain behind. For it will be a long time before the fragrance of this noble life fades from the heart of this community.

Telephone Service.

A QUESTION OF WAGES AFTER ALL.

On Monday, July 7th, we made this statement:

"The present telephone rate is higher than the former (pre-war) rate only because the people who do the work get more money than they did when the old rate was in force."

That statement was true in July and it is true in September.

Solicitor Ashcraft's efforts appear to be directed to a reduction of the present telephone rate to the old and lower rate. If he shall succeed who does he think will suffer? Does he think the workers of this company now get too high wages? If so how much too high?

We give them dependable merchandise.

We give them the latest styles that are being worn in all the largest cities.

We give them values that can't be beat.

We give them a CHARGE ACCOUNT that enables them to wear the clothes while paying for them.

We do not make them draw money from the bank and lose the interest.

We do not charge them extra because they don't pay all at once.

**GEO. B. SPRAGUE BUYS WOODBRIDGE PROPERTY IN HUDSON AVENUE**

George B. Sprague purchased the Henry D. Woodbridge property at Third and Church streets today. This property includes the building occupied by the Mullin grocery, the Maybeld shoe store, Harry McKenzie's jewelry store, John J. Carroll's victrola store and the Miller dressmaking establishment—a frontage of 35 feet on North Third street. The stamps attached to the deed indicated that the consideration for the transfer was \$50,000.

"This building to my notion has always expressed an early faith in the progress of Newark that is quite pleasant and interesting," said Mr. Sprague today, "and it does as well by means it has by the man who had the nerve to build it, I will certainly be satisfied. The property is 35 feet on Hudson avenue and 30 on Church street."

**BOOST JIM COOPER FOR ELKS PRESIDENCY**

A large number of the local lodge of Elks left Newark at 11 o'clock this morning to attend the state convention being held in Columbus and to take part in the big parade today.

The Newark lodge took the Buckeye band with them, the band making the trip to Columbus in autos. James E. Breen of Ashabula has no opposition for his campaign to the office of president of the state association.

At the state meeting it was said that the Newark delegates are boosting James R. Cooper of Newark for president of the state association in 1920.

**SCHOOL BOARD BUYS CHURCH ST. PROPERTY**

At the meeting of the Board of Education the purchase of the Hilliard property in the rear of the Newark High school was authorized. The purchase price was \$7,500 and the property was bought to provide for a probable necessity of enlarging the high school.

Charles Buell, recently returned from France, tendered his resignation as teacher in the high school, and it was accepted. Miss Janet Jones, who also served in France, was elected in his place and will teach French. Four other teachers were appointed, Miss Mary Jones, Miss Elizabeth Irvine, Miss Helen Saur and Mrs. Erma T. Tower.

**TODAY'S BEAUTY HELP**

We find you can bring out the beauty of your hair to its very best advantage by washing it with cinthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use, you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of cinthrox, which you can get from any good druggist, dissolve it in a cup of hot water, this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.—Adv.

"Till I Come Back to You," a scenario written by more than ordinary ability. Indeed, she comes into the scale of pictureplay authors at the same point that Cecil B. De Mille enters the ranks of the directors—at the very foremost door.

In the past she has done such splendid pieces of dramatic writing for the screen as "Joan the Woman," "The Woman God Forgot," "Old Wives for New," etc. Mr. De Mille has directed these and many other pictures written or adapted by Miss Macpherson and the combination has been one of the most powerful in the roster of the screen.

With a thorough dramatic training, great skill, a classical education and a knowledge of construction that is sec-

ond to none, this author is equipped with the few who follow that difficult work of writing photoplays. That she has succeeded so emphatically is an evidence that she is more than ordinarily gifted with talents that are rare in any age. She is a conscientious worker, keenly alive to the pulse of the times, indefatigable when employed upon a scenario and exacting as to details.

"Till I Come Back to You" is shown at the Auditorium today and tomorrow.

**"A Night in Honolulu."**

A new play of Hawaii, by Howard McKent Barnes, is told in three acts. A beautiful Hawaiian girl, deserted by her lover, an Englishman, in a spirit of revenge substitutes the child of his white wife for that of her own which has died and rears her as a native. She

is afterwards known as "Kalama," a daughter of Hawaii. She sought after by the white people, flattered and favored by them, but when her heart goes out to a white man and the sentiment is reciprocated the old fateful barrier stands in the way; the intermingling of the races is confronted. How the author works out this situation is most absorbingly told in "A Night in Honolulu," which is shortly to be seen at the Auditorium. Seats now selling.

## Neil O'Brien's Minstrels.

The attraction at the Auditorium Wednesday will be the Neil O'Brien Minstrels. O'Brien's company is a large and notable one, including Bert Swor, Davis "Sugarfoot" Gaffney, J. promised as being even superior to the splendid offerings he has presented in previous seasons. The company is a large and notable one, including Bert Swor, Davis "Sugarfoot" Gaffney, J. Lester Haberkorn, Paul H. Gorvin, James E. Walbank, Charles Kent, Lea Laird, Richard Flourmeyer, Charles R. Wright, Barton Holby, George Miller, Joseph Cronin, Waldo Roberts, Edward O'House, Ollie Debow, Bobby Cossans, H. P. Quinn Major Nowak, Chas. Strong, Fred Miller and Louis Tracy.

## "The Uplifter."

Many of the pieces in "The Uplifter," the clever Saturday Evening Post story by Wallace Irwin which she has just completed, were taken many miles away from the studio and it was always to be relied on that Miss Allison, though leaving Hollywood later than the rest of the company, would be first to arrive at the location. This play which will be featured at the Auditorium Sunday next, gives the brilliant young star one of the most unique roles of her career. A comedy is also promised.

## Tarpon Caught By Young Woman.

Measuring six feet 7 1/4 inches from tip of tail to point of nose, a tarpon, considered the greatest fighting fish that man can encounter, succumbed to the prowess of a young woman, about five feet tall. This fish weighed 185 pounds and the successful fisherwoman weighed only 105 pounds, and the fight to capture the monstrous silver scale took more than two hours. Pictures showing this remarkable fishing expedition are shown in detail in the 50th semi-annual edition of Lyman H. Howe's Travel Festival which will come to the Auditorium next week. The tarpon pictures were taken off Alvin's Florida, and are only one of a dozen extraordinary film presentations that are included in the newest Travel Festival program.

## How He Does It.

Constance, aged six, described to Ellen, aged four, the way Sousa made the band play at one of his concerts recently. "Mr. Sousa hit the band with a stick and made it go, and Oh! it made such a pretty noise!" There has been many a worse criticism of Sousa's band than that. Sousa, with his stick, his band and his soldiers will be here on Sunday afternoon, September 23 at the Auditorium in a program full of "pretty noises," new and otherwise.

## ALHAMBRA

Appearing in a most unusual picture, Sessue Hayakawa, the famous young Japanese actor, was seen in a masterful role in his latest Paramount picture, "The Bravest Way," at the Alhambra theatre yesterday. This picture is quite different from any in which he has been previously seen, and it is as graceful and exquisite as a spray of wisteria. It has a simple story of deep heart interest that goes home to everybody and it manifested its power in no uncertain degree, as was evidenced by the frequent manifestations of approval that greeted it.

The action of "The Bravest Way" transpires in a city on the west coast where Tamura and Watana, two young Japanese, are living. Tamura is a gardener of high aspirations, who is seeking to become an Americanized, and who is studying to become a landscape gardener. Watana, his companion, is clerk in a store and he has just sent for Sat Su, his wife, and two babies from Japan. Tamura, one day sees Name To-gers, a young Japanese-American girl, a protegee of Miss Tomkins, who conducts a kindergarten on the property adjoining Tamura's garden. The two meet and instantly fall in love.

It transpires that Orson, who is jealous of Watana, overhears the joyous make the announcement that he purposes to take Watana into partnership. This enrages Orson, who follows Watana to the garden, and there stabs him to death. Tamura discovers his friend's body and later hears of the arrival of Sat Su. He goes to her and after informing her of Watana's death, assures her that he will protect her and her babies. The landlady, with whom Tamura lives, protests against the presence of Sat Su in her house under the circumstances, and in accordance with Japanese traditions, which teach loyalty to friendship, he weds Sat Su in order to become her protector.

This is seen last times tonight.

Irrepressible Mabel Normand has again broken out! Proof of the outbreak is found in "The Pest" and evidence of the sprightly comedienne's high spirits will be enjoyed at the Alhambra tomorrow and Saturday. The picture strikes the high lights of rollicking fun, as the fun-loving farmhouse drudge, Miss Norman is said to be at her best, perpetrator of a hundred practical jokes, always in a dreadful and perfect logical scrape, and the center of a charming romance. It is claimed she surpasses herself as "Puckers" the lovable pest.

**GEM.**

"Ginger" is the title of the new World Picture, which is scheduled for presentation by the Gem Theatre on Friday. "Ginger" is the story of three men and a girl. The three men are all in love with the girl, whose pet name is "Ginger."

The new bill, "The Idol's Eye" caught on last evening in great shape. The comedy, music and waltzes are all new and the work of the principals headed by Dick Hulce, the funny fat man, was exceptionally good. The same bill is being presented this evening.

**GRAND.**

The "Third Grand" will be shown for the last times at the Grand this evening. Miss Alice Joyce appears to exceptionally good advantage in this picture which is one of the biggest events in the history of the Vitaphone company. Large crowds have been pleased with the film during the past two days and Proprietor Herman Book has been highly complimented for bringing such high class films to the Grand.

**QUALITY CONCERT SERIES.**

Miss Kate Lacey opens the great season of her Quality Concert series at Columbus on Oct. 7. The series will consist of five concerts with ten or more artists. The success of Miss Lacey's management is remarkable. The artists for the first number are Anna Case and Albert Spalding. On Nov. 11, Mary Garden and assisting artists. Emmy Destinn comes in February, followed by Hipolito Lazaro, Spanish tenor, and Mme. Germaine Schmitzer, French pianist. The fifth concert introduces two new artists. The Lucia, leading baritone of the Metropolitan Grand Opera company and John Powell, a great pianist. Certainly such an array of talent makes the Quality Concert series Columbus' greatest artistic asset. Miss Lacey reports a splendid sale. Already several hundred out of town people have subscribed.

## HIS NERVES WERE SO SHATTERED HE COULD NOT SLEEP

Dr. Williams' Pink Pills Brought Health and Happiness, Says St. Louis Man

"My nerves were so weakened that I was practically a wreck," says Mr. Harry H. Flock, of No. 2510 West Sullivan avenue, St. Louis, Mo. "I had had a severe attack of typhoid fever and it left me badly run down and unable to recover my strength. I suffered from frequent nervous headaches and they became so bad at times that I was forced to go to bed. I also had a dull ache in my legs and was so nervous that I couldn't sleep and had no desire to eat. I became melancholy and depressed. I was sleepy during the day at my work and sometimes I was overcome by dizzy spells."

"I had been under treatment for some time but nothing seemed to reach the cause of my trouble until one day I was induced to try Dr. Williams' Pink Pills. After taking the remedy for a short time my condition showed so much improvement that I determined to give the remedy a thorough trial. As a result my nerves recovered their strength, my appetite improved and I am able to sleep soundly at night. I seldom have headaches and the dizzy spells are gone."

Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for free nerve book.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food rots, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Insulated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Insulated Magnesia in powder or tablet form—never liquid, or milk—is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

## CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constituted to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease thousands die of it every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, puffs under eyes, clammy feet or moist palms, backache or headache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of kidney and bladder diseases and is the medicine you can always depend upon.

IMPORTED BY—Dr. Daniel G. Carey has been a practicing physician for many years and has great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. T. J. Evans' Cut Rate Drug Store can supply you—adv.

## MR. BROWN WAS ACTIVE IN BUSINESS CIRCLES

Regarding the death of Charles H. Brown, whose demise was mentioned in Wednesday's Advocate, Thursday's Ohio State Journal says:

Mr. Brown was active for years in the State Association of Building and Loan Association. He was a past president of the Columbus Rotary club, in 1918-19 was district governor.

Born in Zanesville, he later moved to Newark, and then to Columbus. He served one term in city council after his election from the West Side, while a clerk at the State Hospital. For a time he was a clerk in the stock department at the State School for the Blind and served also as assistant clerk of the police court. He left that office to go with the H. J. Hentz company as a salesman.

In 1900, he became secretary of the Central Building, Loan and Savings company, and under his management it enjoyed notable success.

He was a member of the Chamber of Commerce, Athletic club and the Elks and a past exalted ruler of Columbus lodge No. 37. Mr. Brown took an enthusiastic part in Columbus war activities.

As "Charley" Brown he long will be remembered with affection. The day before his death the members of the Columbus Rotary club at their weekly luncheon stood for five minutes in silent prayer for him.

His widow, formerly Miss Mary Schatz, lives at 1057 Franklin Ave. A daughter, Mrs. Joseph M. Gallen, 981 Franklin Avenue, three brothers, A. C. T. Brown, Zanesville, and Harry F. Brown, Conneaut, and a sister Mrs. Anna L. Cole, Columbus, survive.

Before undergoing an operation last Saturday, Mr. Brown joined the Catholic church. Funeral services will be held at 9:30 Saturday morning at St. Joseph Cathedral.

## IRISH OBJECTIONS ARE NOT ANSWERED SAYS DE VALERA

New York, Sept. 18.—Eamonn De Valera, "president of the Irish republic," said last night that the objections of the Irish people to the proposed league of nations covenant are not at all those suggested by the questions put Wednesday to President Wilson by the San Francisco labor council. The second question, Mr. De Valera added, was framed too indelibly "to make the reply of any value."

"Nobody has held at any time," said Mr. De Valera, "that under the covenant the United States would be obliged to put down a rebellion of the subjects of any member of the league."

What has been held is that under the covenant the United States would be obliged to co-operate with other members of the league in preventing any nation that might be sympathetic with the 'rebels' from giving them assistance.

"The framing of the second question is altogether too indefinite to make the reply of any value. The point is, could the United States recognize in the proposed foundation for people of Ireland without violating the terms of the covenant, if, as is certain, the British government protested?"

"As regards question three, the point is that the right of national self-determination is in no way recognized in the proposed foundation for the league, and there is no guarantee that it will be recognized when the league is established."

"With respect to question four and the President's answer, I need only say that the narrowing down and limitation of the peace conference to only such matters as affected territories belonging to the defeated empires was altogether out of accord with the war aims of America as enunciated by the President and the professions of the entente statesmen during the war. The best comment on all this is the cabled statement of Ian MacPherson, the British chief secretary for Ireland, appearing in today's papers:

"When Great Britain signed the armistice terms she agreed to President Wilson's principles, including the right of self-determination for small nations, but she did not agree to the application of that principle within the British empire."

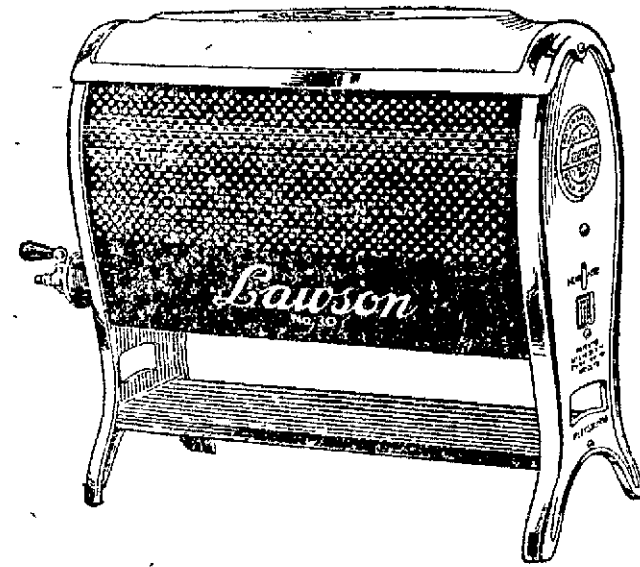

**TAKE ACTION TO STOP SPREAD OF HOG CHOLERA**

The dread disease hog cholera is getting quite a foot hold in the vicinity of Kirkersville and causing much loss and alarm among hog breeders and feeders, according to a statement issued this morning by the farm bureau.

Wednesday night Director Scheidegger called a meeting at the school house to discuss and devise means of control. The meeting was largely attended. Clarence Henry of Hebron gave a very good illustrated talk on the causes, symptoms, and methods of control of cholera. He brought out very forcibly the fact that quick and cooperative action on the part of every farmer in the locality was absolutely essential.

At the meeting it was unanimously decided a sign should be placed on every farm having cholera so as to safeguard against its spread. It was also decided that those not having cholera would vaccinate their hogs at once and thoroughly disinfect their shops, wagon tires, horses' hoofs, etc., after any possibility of contamination.

# The Real Style Thrills In Young Men's Clothes

What's your idea in a New Fall Suit? A Sporty, Snappy belted and waist seam Model or a Semi-conservative style like the sketch shown here? Makes no difference to us for we can show you plenty of both kinds. And we're not afraid to talk quality either, few stores talk it, and you know the reason why. With us its different, we talk it because our suits have it all over anything you'll see at the same price

## MARIETTA ENAMELS

For indoor or outdoor work

Of enamels we offer several types, each suited for its special purpose.

Over-topping all others in quality and utility is SPARTANITE ENAMEL. Remarkable for its covering capacity and sturdy wearing quality.

Its elasticity renders it adaptable to every climatic condition and it stands the wear on either inside or outside work.

For beautiful, sanitary effects in pure white or exquisite shades, specify SPARTANITE.

# Plenty of New Fall and Winter Shoes for Every Member of the Family at King's

## And For Less Than Present Wholesale Prices of Today

OUR shoe stocks for fall and winter wear are now complete—every foot of available space is filled with the new fall and winter footwear for men, women and children—we are indeed proud of our shoe stocks and shoe values—as we can supply you the same dependable quality of shoes you have bought here for many years and at prices in most every instance, less than they could be bought for today from any manufacturer. If you fully realized the shoe proposition of today you would buy shoes from us now for at least one year ahead. We do not desire you to hoard them but advise you to buy what you need.

## Stylish Footw'r for Women

Lady—the new fall styles are ready—and simply because you have heard about shoes being higher in price, don't get alarmed—your reliable shoe store has provided for you wonderfully—in fact you will find that we have assembled as large, if not larger varieties of styles for you than ever—and whatever style or size you desire, it is for you—yes and for less than any dealer can buy them for today.

## Men's Dress and Work Shoes

Mr. Man whether it be a pair of nice sensible shoes for dressy occasions or a pair of good stout work shoes, you are sure to please your self here in every way—you no doubt have bought your shoes here for many years—and know you have always found entire satisfaction in every pair—that is the kind you can buy from us this fall. We have planned to satisfy you in what every kind of a shoe you want and the size as well.

## Boys School and Dress Shoes

Stout boys require stout shoes—that you know—as well as we do; therefore we have that kind of shoe for that boy of yours—shoes that are made by the most reliable makers of America—bring the boy with you, we measure his feet and do not guess at the size.

## Girls School and Dress Shoes

Your girl wants a pair of shoes that will give her comfort, good wear and style besides—that's the kind of shoes we have for your daughter—if you have not the time to come with her just tell her to go to King's as she can buy them just as well as any one can, as one price here to all.

## Children's Shoes

Why, you, would not neglect the children's feet—but how many times do you—that is when you have on some occasion bought a pair of shoes and then later on found out that they did not fit them as they should—shoes for children must be made right—they must fit right, styles that will allow their feet to grow naturally—ask your neighbor's about King's shoes for children that will allow their feet to grow naturally—ask your neighbor's about King's shoes for children, but a better plan would be to bring the children to us.

## King's for Luggage Such as Trunks, Bags, Suit Cases

Only a few days ago we received an enormous shipment of luggage that we contracted for at a price which today is very low indeed. So you can buy the best luggage here now for less than we ourselves could buy them today. Most people take as much pride in their luggage as in their dress and it is well they should—whether you need good luggage now or going to need luggage next year, the time to buy is now—and the place to buy is at King's.

## This is a Service Shoe Store

Anyone can sell you a pair of shoes. Whether they are just the shoes required for your feet, whether they are stylish and at the same time comfortable involves the question of service.

We sell stylish shoes plus foot comfort. We are able to do this because we carry a complete line of

## Dr. Scholl's Foot Comfort Appliances

and Remedies. We have in our store a foot expert who has been specially trained in Practipedics, —the science of foot comfort. In addition to being an expert shoe fitter, he has studied the anatomy of the foot and knows how to quickly relieve tired, aching feet through the use of Dr. Scholl's scientific appliances. At the top is shown Dr. Scholl's Foot-Easer which "Eases the Feet." Millions now in use. Price, fitted, \$3.00. Step in and let us show you how to make your feet comfortable, easy and happy.

**Dr. Scholl's Walk Strate Heel Pads**

Prevent running heels over. Wedge shaped, which equalizes body weight. Made of sponge rubber. Worn inside shoes. Price 50c per pair.

**Dr. Scholl's Toe-Flex**

Made of fine soft rubber, shaped to fit between the toes. Straightens crooked toes. Restores normal muscular action. Relieves pain and discomfort. Price 50c each.

Satisfaction guaranteed or money refunded.—No arch supporters adjusted on Saturday's.

## AN INTERESTING STORY NOW TOLD BY NEWARK MAN

Is Kept Busy Telling His Friends How He Got Rid of a Severe Case of Stomach Trouble and Constipation.

## SICK SINCE 1917.

States That Two Bottles of the New Medicine Drego, Have Done Him a Great Amount of Good.

"I am kept busy these days telling my friends what it is that makes me look so much better and feel like myself again," says Mr. George Angicoff of Newark, O.

"My stomach has bothered me very much since back in 1917; seemed like everything I ate disagreed with me, and I soon realized I was cutting out, first one thing and then another, because it did not agree with me. I grew more strength and feel good all the time, as I get good rest at night. My bowels act regularly every day, without the assistance of other medicines. Drego surely has proven itself a wonderful medicine in my case."

"I've now finished taking the second bottle of Drego and my condition shows a remarkable improvement. I can eat many things, which I have denied myself of many times, without hurting me afterwards. My color is better, have more strength and feel good all the time, as I get good rest at night. My bowels act regularly every day, without the assistance of other medicines. Drego surely has proven itself a wonderful medicine in my case."

Drego is a combination of many different medicinal herbs, that act directly upon the liver, kidneys, stomach, bladder and the blood. It neutralizes the poisons of the system, and causes the organs to take on new life and energy, and rebuild the body. Nothing has a quicker or more positive effect in relieving headaches, constipation, neuralgia, biliousness, nervousness, poor appetite, loss of weight, poor sleep, catarrh, gas on the stomach and rheumatism. Drego does not contain potash, mercury, or any other harmful mineral.

All good druggists now sell Drego and it is highly recommended in Newark by Evans' Cut Rate Drug Store—Adv.

## Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allenrhu suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let his discovery where he knew about his discovery through the newspapers. T. J. Evans' drug store has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.
